HortEx VIETNAM 2020

EXHIBITOR PROFILE:

Fruits & Vegetabes

Growing technologies for fruits & vegetables
Seeds and nurseries and related technologies
Drip irrigation and other irrigation systems
Soil preparation, planting, spraying and harvesting equipment
Substrates
Machinery, equipment and materials
Crop protection, fertilizers and production certification
(Global GAP and other systems)
Organic produce
Other related services, products and equipment

Greenhouse technologies and equipment for growing fruits & vegetables
Structures for glasshouses, net-houses and summer tunnels
Tunnel films, greenhouse screens, nets, etc
Energy efficient systems of heating and lighting, climate control systems, etc
Seeds and other inputs for greenhouse technologies
Other greenhouse-related services, products and equipment

Storage, cooling and quality preservations for fresh produce
(Cold) storage equipment
Potato storage technologies
Sandwich panels, insulation and isolation materials, storage doors, construction services, etc.
Pre-cooling chambers, mobile pre-coolers and hydro coolers
Quality preservation technologies
GPS tracking of fresh produce logistics and other quality control systems

Sorting, packing and other post-harvest handling equipment & technologies
Optical and mechanical sorting lines
Washing, polishing and cleaning equipment
Packaging equipment and materials for retail and wholesale packing
Pooling systems of foldable crates
Wooden and plastic containers for storage
Fresh cut equipment
Other post-harvest handling equipment and technologies

Fruit & vegetable processing equipment
IQF technologies
Equipment for juice, paste, concentrate and canned products production
Packaging for processed fruits and vegetables

Fresh produce marketing
Wholesale markets and their services, equipment for wholesale trade
Equipment for fresh produce trade in the supermarkets (cases, boxes, humidifiers, mirrors, lighting, etc.)

Fresh Produce Suppliers - Growers and Exporters

Services
Financing, leasing and insurance
